Another car of that celebrated O. B. F. our at Klammann's.

Mrs. Allison went to Pittsburg today for a visit with friends.

Be sure to register. You must register or you cannot vote.

80 acres of fine farming land for sale. Inquire of L. C. Beatty.

Money to loan on improved farms, lowest rate. Bostwick & Acers.

Ben Achter, one of Humboldt's wholesalers was in town Monday.

W. D. Cox, one of Elmore's leading business men was in Iola Tuesday.

Fine cabinets at Goff's \$1.50 per dozen. Bargains in picture frames.

If you have any tin work don't fail to consult prices of W. L. Bartels & Son.

Clear glass, opalescent, etched glass, plain and painted shades at W. H. Root's.

Fashionable dressmaking by Mary Derry, late from Denver at 206 N. Walnut street.

Mrs. Cole, of Girard, who has been visiting Mrs. F. A. Northrup, returned home today.

Mrs. Geo. Cole came up from Girard Saturday to visit her cousin, Mrs. F. A. Northrup.

Orville Williams, one of the newly elected school board, is sufficiently recovered to be out.

Cash Edson, proprietor of the post-office news stand left Sunday for central Iowa on business.

Beggs' Eye salve will cure inflamed or weak eyes. Nothing better. Try it C. B. Spencer & Co.

The finest line of cutlery in the county, fully warranted, can be seen at Bartels & Son.

PLUMBING. A complete outfit of gas fittings at W. L. Bartels & Son's. Prices lowest.

Messrs. W. A. Ross and A. B. Isaac were over from Moran Saturday and took in the smelter.

Call and examine the DeKalb hog fence, the most perfect one on the market. J. W. Coutant.

Chas. Spencer has had an ornamental mortar cut in the new sidewalk in front of his store.

Mr. J. S. Coffey was called to Wichita Sunday by a message stating that his father was dead.

Mrs. Thrall returned to Neosho Falls Saturday after a visit with her sister Mrs. Jas. McClure.

Mrs. Lindeman went to Topeka Saturday to attend a meeting of the National Aid Association.

Miss Burris, who has made many friends at the New York store went to Chanute today for a visit.

Mrs. Hank Smith, of Moran, spent Friday with Mrs. W. B. Reed, returning home that evening.

Mrs. Dibler, of McAllister, Ok., who has been visiting her sister Mrs. Fred Hale, started home Saturday.

Mrs. G. M. Kerr and son of Chanute came up Saturday to visit her parents, Mr. and Mrs. Sam Biggs.

Mr. and Mrs. Ira Stoner, of Toronto is in Iola this week seeking a location. He got a job and will move here.

"Noxaloid" positively cures a cold or a gripe in a day. Guaranteed in every case. Sold by all druggists.

Greely Graphic: George Dixon and Virgil Benson were in Iola Monday. They say the boom is as great as ever.

The World's Great Blood Purifier is

Hood's Sarsaparilla, Which absolutely

Cures every form of Impure blood, from

The pimple on your Face to the great

Scrofula sore which Drains your system.

Thousands of people Testify that Hood's

Sarsaparilla cures Scrofula, Salt Rheum,

Dyspepsia, Malaria, Catarrh, Rheumatism,

And That Tired Feeling. Remember this

And get Hood's And only Hood's.

Toronto Republican: Jake Ragle went to Iola Monday to look for a business opening. He expects to move there.

Mrs. Sadie Thompson will entertain her late sisters, the members of the Q. Q. C. club, at tea this evening from 5 to 6.

Men and medicines are judged by what they do. The great cures by Hood's Sarsaparilla gives it a good name everywhere.

FARM FOR RENT: Two and one-half miles south-east of LaHarpe. Well improved. Apply to H. Reimert, Iola. w14

Charley Campbell who used to work at the Hotel Thomson and who is well known here, came over from Yates Center Monday.

Pittsburg Headlight: C. Hook moved his family to Iola this morning, where he has been employed for the past two or three months.

Mr. Mel Keller of Ft. Scott is in the city today. We understand he is here looking the Iola House over with a view of taking charge of it.

Colleyville Journal: E. C. Brewington, who has been in the city since last June, left Thursday for Iola where he will make his home.

Iola has set the pace in the matter of spring plowing. The street gang did some scraping which was much needed in front of the post office block.

The rain falls on the just and unjust. Beggs' Cherry Cough Syrup cures a Cold, Asthma and LaGrippe caught in rain or shine. We keep it. C. B. Spencer & Co.

Your hair can be saved. Beggs' Hair renewer will do it as it acts directly on the scalp and hair follicles. The effect is wonderful and permanent. C. B. Spencer & Co.

A gang of Santa Fe workmen, thirteen in number, went through today putting up an additional wire on the telegraph line. They will get as far as Humboldt today.

Mrs. W. W. Moorehead, who has been visiting her father and mother, Mr. and Mrs. Pattee, in Iola for several months left last week for her home in Hot Springs, Ark.

Beggs' German Salve is a cure for Piles. No matter how bad the case may be. They relieve at once, Scalds, Old Sores, Burns, Eczema, Tumors, etc. Sold by C. B. Spencer & Co.

Since the last report marriage licenses have been issued to Arthur E. Wondard and Ossie B. West, both of Humboldt, and to Chas. O. Marsh and Olive E. Dernberger, of Iola.

Rev. S. H. Jones, Tacoma, Wash., says: "I have suffered for years with constipation and indigestion. One bottle of Beggs' Little Giant Pills relieved me entirely." C. B. Spencer & Co.

Northrup Bros. are having the walls of their dry goods store smoothed over with mortar and will then have a fresh coat of paint applied which will greatly improve its appearance.

E. M. Long, who has been farming the past year south-east of town, will hold a sale this week and then move with his family to town to join the starting tour of Iola during the season of 1898.

The year-old son of Mr. and Mrs. Canby Hackney died at their home in LaHarpe Monday of bronchitis. The REGISTER joins their host of friends in extending sympathy to the bereaved parents.

Fred Funston who came into town yesterday left on the noon train today for Lawrence to make preliminary arrangements for the address which he has been asked to make there the latter part of the month.

Topeka Capital: Fred Funston may feel somewhat run down at the heel, and all shot to pieces, but he can console himself with the reflection that he has the greatest lecture graft of any one just at present.

Lawrence Journal: A good many of his friends were disappointed in Fred Funston. He had no machette with him, and a careful examination of his person did not show that he was carrying a dynamite cannon under his coat.

Mr. O. Harding, who was compelled to return to Nevada on account of sickness, came back Sunday and is working at his old job as superintendent at the smelter. He is thinking of moving his family here in the near future.

Colony is going after gas. A fund of \$1200 has been subscribed by the leading citizens and now the machinery is set and the drill will soon be seeking the magic gas whose touch turns villages into cities. The REGISTER hopes Colony will strike it rich.

J. D. Robbins, one of Iola's contractors, has got the contract for rebuilding the large barn of Anderson & Finlay, the stock men northeast of Iola. He took five carpenters out with him last Tuesday and began work on a huge barn ninety feet long.

And now they're off. J. D. Mann came down the street Sunday with a helmet, a suit of copper clothes, carrying Billy in his hand. An' shure! Bridget, but 'twas a fine sight the

day. And every day will be just like Sunday, so far as wearing them is concerned.

Redbud, Gordon Co., Ga. Beggs Mfg Co.

Please send by express at once one dozen Beggs' Blood Purifier. It is the most wonderful medicine I ever tried for Scrofula. S. R. Taylor. C. B. Spencer & Co.

On Monday, Feb. 21, Samuel Deyer will sell at his farm, one mile east and three-fourths of a mile north of Carlyle, a lot of horses, cattle, hogs, farming implements, 400 bushels of corn and 6 tons of timothy hay. Sale to begin at 10 o'clock a. m.

Lost: At the court house Monday of last week a black ice Wool Fascinator, square pattern, trimmed with loop fringe, home made. Finder will confer a favor by leaving it at R. B. Stevenson's Dry Goods store, or at the Iola Creamery.

One of the pleasures which the future has in store for Iola people is the opera, "The Milkmaids," under the direction of Mrs. J. R. Pepper. The music is excellent and the young people have entered into the spirit of it, assuring a delightful treat to lovers of good music.

J. H. Newbern, M. D., of Whitefield, one of the foremost doctors in the Indian Territory writes: "I have recommended and sold Beggs' Blood Purifier for the past five years and am pleased to say it has no equal in any blood medicine that I have ever tried." C. B. Spencer & Co.

Pittsburg Tribune: Charley Metzger, of Iola, was in the city today the guest of his brother Gus. Mr. Metzger was called to Scammon where his family is now residing until a home can be obtained in Iola on account of the death of one of his children which occurred a few days ago.

Dee Lanyon, who has recovered from his severe accident by a recent gas explosion so as to be able to be out, will soon be working at his old job at the smelter. His face still shows the effect of the explosion, but it is only a matter of a short time until he will look as usual.

The ladies of the Second Baptist Sunday School gave a Valentine social at the church last evening for the purpose of raising funds to buy an organ for the Sunday School. Refreshments were served to the large crowd in attendance and the net amount of \$11.17 realized.

From everywhere come words of praise for Chamberlain's Cough Remedy. "Allow me to congratulate you on the merits of your Remedy. It cured me of chronic bronchitis when the doctor could do nothing for me."

—Chas. F. Hamel, Toledo, O. For sale by Campbell & Chislen.

W. B. Reed, who has just returned from Neodesha says that the gas there makes a black deposit such as an oil lamp makes on kettles and other utensils placed in the flames. There is nothing of this in the Iola gas and the difference would seem to indicate a difference in the quality of gas in Iola's favor.

Columbine Rebeckah lodge initiated three candidates Monday and had a little feast afterwards in honor of the occasion. The initiates were Mrs. Esther Smith, Miss Nellie Reed and Miss Austin Bonnell. Several members of the sister lodge, the Dorotheas, were present and a very enjoyable time was had.

"I have worked hard enough and long enough on the farm and should like to come to Iola to live," said Ed. Cain, of Carlyle, the other day, "but I will not come if you vote bonds." And Mr. Cain's opinion is entitled to all the more weight for the reason that he already owns property and pays taxes in Iola.

Mr. Jacobs, a young man recently from Ottawa, is in town and will go into the cigar manufacturing business in Iola. He has rented two pleasant rooms over W. L. Bartels store for that purpose. Mr. Jacobs is a pleasant young man and has had eight years experience in his line of business most of the time in St. Louis.

The morning freight train on the Santa Fe was held here nearly two hours, switching and unloading goods. The south platform of the depot was buried under a pile of merchandise and household goods in such a manner as to prevent the appearance of a large department store, with the store lifted and the contents left.

Mr. Wycoff, of the Burlington Excelsior Mills Co., was here Tuesday and in speaking of their store here said that his company had several

"Ayer's Cherry Pectoral" is the best remedy that I know of for **"La Grippe."**

Rev. J. K. CHASE, South Hampton, N. H. HALF-SIZE BOTTLES, 50c.

stores in different towns but that he was more than pleased with the way business had opened up here and he considered this one of their best stores and expected it to become still better.

Salt Lake City, Utah. BEGGS MFG. CO.

As a general thing I am down on all kinds of patent medicines, but am happily disappointed after a trial of Beggs' Cherry Cough Syrup among my customers and patients. It relieves all throat and lung difficulties at once. H. F. GORDEN, M. D. C. B. Spencer & Co.

A few months ago, Mr. Byron Every, of Woodstock, Mich., was badly afflicted with rheumatism. His right leg was swollen the full length, causing him great suffering. He was advised to try Chamberlain's Pain Balm. The first bottle of it helped him considerably and the second bottle effected a cure. The 25 and 50 cent sizes are for sale by Campbell & Christian.

The latest suburb to Iola which has been laid out is a corker. Mr. Busley has bought 20 acres off the west half of Mr. Hart's land a quarter of a mile north of LaHarpe and will lay it out in town lots. Thus the ball opens and by the end of the year the farmer who lives between Iola and Moran and has not a few choice corner lots for sale will not be received in the best society in Allen county.

People at La Harpe are all eyes and ears to learn what they can learn. Frank Travis was talking the other day and in expressing his opinion of Claude Culbertson about that ad. said that Claude was a "stinker very repugnant to his alfactory nerves." The news spread all over town in fifteen minutes that Culbertson would put in an "awl factory" at LaHarpe and lots began jumping up like toads up a tree.

Everybody was out Monday at the masquerade ball given by the smelter boys and high revelry ensued until an early hour next morning. The floor was covered with mask dancers. The masks and costumes were most of them freaks, wild beasts and goblins and other strange things with a mixture of pretty nuns and fairies and soldiers and farmers. It was no end of fun and was a success both socially and financially.

Fred Funston walked down street last Friday to hear and see the boom. While talking to a REGISTER reporter, Con Mull, an old Carlyle resident who used to trot Fred on his knee, came up behind him and laid his hands on his shoulders. Fred glanced at the two hands on his shoulders and judging by the heavy pressure against his back immediately guessed "Con Mull." and Con wonders how he knew.

Geo. Rhodes was in this office this week and said that while driving along in front of Oscar Losh's house in Salem township last Saturday he nearly ran over a rattlesnake. As soon as he noticed it he got out and it coiled up and sang a beautiful ditty. He killed it and found that it had three rattlers. It is very rare indeed to find a snake taking pleasure trips in February and rattlers at any time of the year are scarce in Allen county.

R. A. Edgar is having one of his schemes carried out at the Santa Fe depot. Pipes are being laid and a hydrant will be put in near the window on the platform. A long hose will be provided also and when old Sol begins to get action on the tender young grove and trees opposite the depot, a stream of water will be thrown on it, not on the sun, but on the ground. The result will be a pleasant oasis in the desert of August heat.

Iola is getting prouder every day. No sooner is it learned that there is a flesh and blood policeman in uniform walking the street, than a man turns up with appendicitis. He has only confided the fact so far to a few intimate friends and will not allow his name to be used at present for advertising purposes. It settles one thing, however, people of wealth and refinement may locate here now with assurance of finding congenial companionship.

In order to meet the demand for masks for the masked social Saturday night, Evans Bros. telephoned an order to Ft. Scott that morning. About one o'clock they were called up by central and told that their masks were at hand. They went to the central office and got them. So far as the REGISTER has been able to learn, this is the first instance on record of the delivery of merchandise over the wires and shows what a superior system Iola enjoys.

The masquerade social given at the opera house Saturday night by the ladies of the Library Association was a success. The only thing which detracted from it was the fact that the masking was left too much to little folks. They had a huge time and were watched with interest by the large crowd in attendance. Only a few grown-up people took part this year while heretofore the floor has been crowded by people of all ages from infancy to old age.

Mr. Tudor, of Greenville, Ill., is in Iola looking for a business opening and also a pleasant place to live. Being satisfied himself that a natural gas town suited him, he sent for his wife who arrived this morning with two daughters. They will look the city over and if suited will locate here permanently. Mr. Tudor has practically closed a deal for a valuable east-side lot and is negotiating for an interest in one of the established business houses here. The REGISTER hopes he will decide to stay.

T. J. Jackson, foreman of brick laying at the new smelter, met with a painful accident Saturday. While chipping furnace brick a sliver of steel from his hammer struck him in the eye. It proved so troublesome that he went to Dr. Glynn and had it removed. This was a serious task as the little point of steel had entered the iris of his eye next to the pupil. The delicate operation was successfully performed and the steel removed. Of course Mr. Jackson is wearing his eye bandaged for a few days, but the danger is over.

Mr. Ward L. Smith, of Fredericks-town, Mo., was troubled with chronic diarrhoea for over thirty years. He had become fully satisfied that it was only a question of a short time until he would have to give up. He had been treated by some of the best physicians in Europe and America, but got no permanent relief. One day he picked up a newspaper and chanced to read an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He got a bottle of it, the first dose helped him and its continued use cured him. For sale by Campbell & Christian.

There has been a great deal said lately in the papers about the missing letter contest which has become so popular. In fact the pressure became so strong that the postal department took a hand and stopped it. Before this happened, however, an Iola lady who had plenty of leisure, amused herself in figuring out the answer to one of the puzzles and as a result, now has a handsome gold watch which appears to be all right. The fact that such an outcome only occurs once in the lifetime of a thousand people, does not prevent the watch from being a good time keeper and a desirable possession.

Thayer News: One evening since our last issue we had a conversation with a gentleman who has had as much experience in the oil field as any man living. He did not want his name mentioned, but gave some facts that are of great importance to Thayer people. He said there would be lively times in the Thayer oil field this summer and that without a doubt drilling would commence in a very short time. He also repeated what several oil men have said, that the Thayer oil field, although not so far developed as some others, is by far the best in the State. The most startling news, however, is that another refinery is to be built in Kansas before long, and that refinery is to be located at Thayer. This man says that he knows whereof he speaks, and that we will see his word verified in due time. We hope so. We are not making much noise, but we're coming steadily to the front just the same.

Just as Represented.

"Having suffered for years from dyspepsia and not finding a cure in any of the medicines I tried, I was finally persuaded to take Hood's Sarsaparilla. I soon found it was helping me. Since then we always take Hood's in the spring and find it just as represented." Mrs. S. W. TEDD, Staplehurst, Nebraska.

Hood's Pills are easy to take, easy to operate. Cure indigestion, headache.

Horticultural Meeting.

Last week we advertised the meeting at two o'clock instead of at an early hour to dinner. But on our arrival, at an hour that in our innocecy we had deemed good time, we were met by a condition, (no theory at all.) Those who had the plans for a social dinner to form and the execution of them to follow up, were several hours ahead of our announcement and an enjoyable repast was served and dishes and pie were certainly out of sight, and our apologies are only to be accepted on the condition that we "never do so again." So now if any future meetings are to be held without a dinner please remember that a notice to that effect must be made that it may be valid.

Mrs. Mason, our newly elected president, has not only the ability to gracefully preside over an assembly of this character but has long been one of the thoughtful helpers in plans to increase the happiness and benefits derived from the study of floriculture and kindred subjects.

Mrs. Shaffer believes that our society has taken a long step forward and onward by electing a lady for president and two of them for vice presidents, and not a man present voted in the negative.

Mr. Harmon on his favorite theme of flowers, made some valuable recom-

Every woman wears a crown who is the mother of a healthy baby. The mother of a puny, sickly, peevish baby bears a cross. It rests with every woman to decide for herself which kind of a mother she will be.

The woman who takes the right care of herself during the months preceding maternity may rest content in the assurance that her baby will be a strong, healthy, happy one. The woman who suffers from disorders of the distinctly feminine organism during this critical period, and fails to resort to the right remedy, is pretty sure to have a puny, peevish, sickly baby, born into the world with the seeds of weakness and disease already implanted in its little body.

Dr. Pierce's Favorite Prescription is the best of all medicines for prospective mothers. It imparts health, strength, vigor, and elasticity to the delicate and important organs that bear the brunt of motherhood. It prepares a woman for the time of trial and danger. It strengthens and invigorates, and insures the perfect well-being and absolute health of both mother and child. It does away with the squeamishness of the interesting period. It makes sure an ample supply of nourishment for the little new-comer. It transforms weak, sickly, nervous and despondent invalids into healthy, happy wives and mothers. Thousands of homes to which babies once came to stay but for a brief day and then die, now bless this wonderful medicine for the gift of happy, healthy babies.

The dealer who tries to persuade you to take some other medicine, than that you ask for, insults your intelligence.

"The doctors in Kansas City told me that unless I went to the hospital and had an operation performed I could not live," writes Miss Broome, of Galway, N. Y., "I took Dr. Pierce's Favorite Prescription, and in a few days I was able to get down in bed and suffer severely for twenty-four hours. Four bottles of your 'Favorite Prescription' cured me."

For constipation—Dr. Pierce's Pellets.

Recommendations for February treatment of flowers as follows: Best fertilizer for flowers a liquid manure to which add soot and use it often by spraying the foliage as well as dampen the earth. Cramp the roots of various varieties, but will bloom better. Expose to sun but not to excess. The primroses are the best bloomers.

Mrs. Boulton uses a soil composed of the parts equally one of decayed wood, one of sand, one of fine enriched soil or manure and sift it that it may contain the least waste particles.

Mr. Pancoast reported that the diploma, awarded in addition to the cash premium by the American Institute at the Madison Square, N. Y., exhibit, had been received and it will soon be framed and preserved.

The usual reports of standing committees were made with the common place comments until Mr. B. F. Pancoast, who is chairman of the committee on Entomology and Microscopy, drew the attention of the society to the myriad of the miller that are every evening seen about our lamps, and informed us that these are the advance guard of the army of canker worms that are proving to be such a devastating host in the orchards and worse from year to year. As Mr. Pancoast is a student of entomology and can give in plain terms and verify the very facts that all orchardists of our county need, he was requested by a vote of the Society to write for the public a series of four papers to be printed weekly giving hints for the destruction of this enemy in its various stages during the time that has proven they can most easily be exterminated. Let all who are interested look for these articles and profit by them.

The social committee will ever long have an entertaining program to present, and the reader may trust that it will be worthy of his attention.

Mr. C. Newton read a paper on "Pruning" that is herewith submitted for publication by request of the Society. And here we wish to say that as reporter for the society, we submit for publication only such papers as are by a vote requested for publication and granted by the writer.

Our next meeting is to be held at the G. A. R. Hall March 11, (but don't forget to come in time for and with your dinner. J. W. J.)

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the Liver and Kidneys, and adds these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at C. B. Spencer & Co. Drug Store.

Remember this sign whereby it Conquers Pain.

St. Jacobs Oil

Cures Rheumatism, Neuralgia, Sciatica, Lumbago, Sprains, Bruises, Soreness, Stiffness, and Burns.
